RE: **SES School Wellness Policy – 2016-17 Implementation Progress, Recommendation of the 2017-18 Policy and 2017-18 School Health Council Members**

Implementation Update:

Stone Elementary School students and staff continued to make progress toward meeting the guidelines of our School Wellness Policy during the 2016-17 school year. Highlights of the year are as follows:

- Students and staff participated in various physical activities throughout the school year, such as field day, the 1st Annual Frosty Fun Run and AR parties.
- Students were active during recess and two physical education classes by playing kickball, volleyball, basketball, and other health improving exercises.
- The school nurse visited classrooms to provide targeted instruction on physical and personal health related topics.
- Students were encouraged to make healthy food choices in the cafeteria and during snack time.
- Faculty participated in a Biggest Loser weight-loss contest and a bi-weekly Zumba classes.

I respectfully submit a copy of the 2017-18 SES School Wellness Policy for approval. Please note that the policy is the same as last year's approved policy.

Local School Wellness Policy

Stone Elementary School

2017-2018

Rationale:

The link between health of students and learning is well documented. If children are to be successful in school they cannot be tired, hungry, sick, suffering from drug abuse, or worried that school is an unsafe environment in which they could become a victim of a violent act. It has become apparent that problems such as poor nutrition, lack of physical activity, substance abuse, depression, teen pregnancy, obesity, bullying, and more – can adversely affect not only a child's health, but also his or her *ability to learn!* And that is precisely why a coordinated approach to school health can make a difference! A coordinated approach to school health improves kids' health and their capacity to learn through the support of families, schools, and communities working together. At its very core, a coordinated approach to school health is about keeping students healthy over time, reinforcing positive healthy behaviors throughout the school day, and making it clear that *good health and learning go hand in hand.*

Goal:

All students in Stone Elementary School shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. All staff members in Stone Elementary School are encouraged to model a lifestyle of healthy eating patterns and moderate physical activity as a valuable part of their daily lives.

To meet this goal, Stone Elementary School adopts this school wellness policy with the following commitments to implementing a coordinated approach to school health. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Nutrition Environment and Services

Stone Elementary School will:

- Offer a school lunch program with menus that meet the meal patterns and nutrition standards established by the U.S. Department of Agriculture (USDA) and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Offer school breakfast and snack programs (where approved and applicable) with menus that meet the meal patterns and nutrition standards established by the USDA and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Promote participation in school meal programs to families and staff.
- Operate all Child Nutrition Programs with school foodservice staff who are properly qualified according to current professional standards (Mississippi Board of Education Policy, Code 2001).
- Follow State Board of Education policies on competitive foods and extra food sales (Mississippi Board of Education Policy, Code 2002).
- Include goals for nutrition promotion, nutrition education, physical activity and other school-based activities to promote student wellness.

- **Implement Nutrition Standards as adopted by the State Board of Education in accordance with the Mississippi Healthy Students Act (State Board of Education Policy 4011),**
 - **Healthy food and beverage choices;**
