Local School Wellness Policy

Perkinston Elementary School

Rationale:

The link between the health of students and learning is well documented. If children are to be successful in school they cannot be tired, hungry, sick, suffering from drug abuse, or worried that school is an unsafe environment in which they could become a victim of a violent act. It has become apparent that problems such as poor nutrition, lack of physical activity, substance abuse, depression, teen pregnancy, obesity, bullying, and more – can adversely affect not only a child's health, but also his or her *ability to learn*! And that is precisely why a coordinated approach to school health can make a difference! A coordinated approach to school health improves kids' health and their capacity to learn through the support of families, schools, and communities working together. At its very core, a coordinated approach to school health is about keeping students healthy over time, reinforcing positive healthy behaviors throughout the school day, and making it clear that *good health and learning go hand in hand*.

Goal:

All students in Perkinston Elementary School shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. All staff members in Stone Middle School are encouraged to model a lifestyle of healthy eating patterns and moderate physical activity as a valuable part of their daily lives.

To meet this goal, the Perkinston Elementary School adopts this school wellness policy with the following commitments to implementing a coordinated approach to school health. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Nutrition Environment and Services

Perkinston Elementary School will:

- Offer a school lunch program with menus that meet the meal patterns and nutrition standards established by the U.S. Department of Agriculture (USDA) and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Offer school breakfast and snack programs (where approved and applicable) with menus that meet the meal patterns and nutrition standards established by the USDA and the Mississippi Department of Education, Office of Child Nutrition Programs.
- Promote participation in school meal programs to families and staff.
- Operate all Child Nutrition Programs with school food service staff who are properly qualified according to current professional standards (Mississippi Board of Education Policy, Code 2001).
- Follow State Board of Education policies on competitive foods and extra food sales (Mississippi Board of Education Policy, Code 2002).
- Include goals for nutrition promotion, nutrition education, physical activity and other school-based activities to promote student wellness.
- Implement Nutrition Standards as adopted by the State Board of Education in accordance with the Mississippi Healthy Students Act (State Board of Education Policy 4011),
 - ☐ Healthy food and beverage choices;
 - ☐ Healthy food preparation;

- ☐ Marketing of healthy food choices to students, staff and parents;
 - ☐ Food preparation ingredients and products;
 - ☐ Minimum/maximum time allotted for students and staff lunch and breakfast;
 - ☐ Availability of food items during the lunch and breakfast periods of the Child Nutrition Breakfast and Lunch Programs;
 - ☐ Methods to increase participation in the Child Nutrition School Breakfast and Lunch Programs.
- Establish guidelines in accordance with USDA Smart Snacks in Schools for all foods available on the school campus during the school day with the objective of promoting student health and reducing childhood obesity. (see Nutrition Environment and Services section of the *Tools That Work – Your Guide to Success for Building a Healthy School* Toolkit that is found on the Office of Healthy Schools website at www.mde.k12.ms.us/ohs/home)
 - Establish guidelines in accordance with USDA Smart Snacks in Schools for the sale of food items for fundraising.
 - Use Smart Snacks Resources to educate the school community about the importance of offering healthy snacks for students and staff members.

Food Safe Schools

- Implement a food safety program based on HACCP principles for all school meals, as required by the USDA and the Mississippi Department of Education, Office of Child Nutrition Programs and ensure that the food service permit is current for the school sites. HACCP Principles for K-12 schools can be downloaded at: <http://www.nfsmi.org/ResourcesOverview.aspx?ID=151>
- Develop a food safety education plan for all staff and students, consistent with Fight Bac® (www.fightbac.org) and other national standards for safe food handling at home and in schools.
- Ensure that all staff has received instructions to support food safety on the school campus. Food Safety resources have been developed by the Office of Child Nutrition to assist with the training of school staff members. These resources which include a training power-point presentation, food Safety Post Test and Food Safety Post Test Answer Key can be found on the Office of Healthy Schools website at www.mde.k12.ms.us/ohs/home.
- All school personnel (school board members, administrators, teachers, school nurses, instructional and health services paraprofessionals, foodservice staff, custodians and facilities managers, and administrative support staff) will receive copies of the Local School Wellness Policy that includes food safety policies and procedures and provides for relevant professional development.
- Adequate access to hand-washing facilities and supplies will be available whenever and wherever students, staff, and families prepare, handle, or consume food.
- The food safety assurance plan must address strategies that minimize risks for students and staff who have food allergies and intolerances.
- Encourage students to make food choices based on the Healthy Hunger-Free Kids Act of 2010 (HHFKA) and the ChooseMyPlate resources, by emphasizing menu options that feature baked

(rather than fried foods), whole grains, fresh fruits and vegetables, and reduced-fat dairy products. Read more about HHFKA at <http://www.gpo.gov/fdsys/pkg/FR-2013-06-28/pdf/2013-15249.pdf> and ChooseMyPlate at <http://www.choosemyplate.gov/>

- Establish a cafeteria environment conducive to a positive dining experience, with socializing among students and between students and adults; with supervision of eating areas by adults who model proper conduct and voice level; and with adults who model healthy habits by eating with the students.
- Replace deep fat fryers with combination oven steamers.

Physical Education/Physical Activity
